What do I want to learn or understand better?
I want to learn more about agile development and be better at applying Scrum to an idea.
Furthermore, I want to learn more about the tools we are going to use in the project.

How can I help someone else, or the entire team, to learn something new?
By sharing my ideas and explaining and showing to the best of my ability.

What is my contribution towards the team's application of scrum?
Beginning from next week, we are going to use scrum more so I'm going to contribute by doing what is needed of me and work closely with the group.

What is my contribution towards the team's deliveries?
I helped write the project scope as well as making the business model canvas.
